

EXPLORER SERIES GUIDED EXCURSIONS

The Foundation for Geauga Parks partners with local experts to present the Explorer Series — free, monthly guided excursions throughout Geauga County that celebrate our region's nature, parks, and wildlife.

Each outing is a fun, relaxed way to enjoy the outdoors, meet new people, and discover the natural, historic, and cultural treasures of our community.

Excursions vary in activity level and may last up to two hours. Most are led by trained naturalists or other knowledgeable guides eager to share their insights and stories. Rain, snow, or shine — we explore in all seasons!

Come uncover the backtrails and backstories of Geauga County's parklands, preserves and natural spaces. Whether you're drawn to recreation, restoration, or preservation, there's always something new to experience.

Free and open to all ages — there's something for everyone to explore!
