

2023 Business Partners and Sponsorship Program

Align your business with The Foundation for Geauga Parks (FGP), Geauga County's leading nature-focused philanthropic organization. The FGP is a 501(c)3 nonprofit organization established in 1990. Its mission is to fund community engagement with nature through education, preservation, conservation, and appreciation of the unique natural character of Geauga County. We raise funds to preserve and conserve Geauga County green spaces and to support nature education initiatives.

AUDIENCE: Our donors are civic-minded nature-lovers, conservationists, and outdoor enthusiasts. They represent more than 2,500 households in Geauga and surrounding counties. 33% of FGP supporters reside in one of the top 15 wealthiest zip codes in Ohio; 45% of our supporters have household income greater than \$100,000/year.

MARKETING: FGP reaches audiences through print literature, signage, press releases, emails, website, Facebook, Instagram, and community outreach activities.

- We distribute monthly press releases to 32 media outlets serving northeast Ohio.
- We post to social media up to five times each week, reaching a growing number of followers (currently more than 1,500 across platforms).
- We have an active email list of more than 1,200 households and typically send up to six emails each month.
- Our average website traffic is more than 1,600 pageviews per month.
- We not only reach hundreds of individuals through our annual fundraising events and monthly gatherings, but have an active presence at a variety of community events throughout the year.

BENEFITS:

- **Alignment with a highly respected and trusted nonprofit, which has helped support some of Geauga County's most treasured parks, preserves and nature education programs.**
- **Recognition with logos and links on FGP website, social media, and email communications.**
- **High visibility at live and virtual events through signage.**
